SoundDock Series III

Digital Music System

The SoundDock® Series III Digital Music System lets you enjoy music from any iPod or iPhone model with an Apple Lightning connector – all with rich, room-filling sound. Its unique combination of small size and proven performance is the result of our commitment to research and exclusive Bose® technologies.

Outsized performance

Appearances can be deceiving. Bose digital signal processing and acoustic design produce wide-range sound, with consistency and clarity—all from a system so compact, you can move it easily from room to room.

Keep the music going

Enjoy hours of uninterrupted music from your iPhone or iPod. The SoundDock system charges your device whenever it's docked and plugged into a wall outlet, even while your songs are playing.

Works with the newest iPod and iPhone models

This system is compatible with iPod and iPhone models with an Apple Lightning connector.

Expand your entertainment

Get more from your DVD/CD player, tablet, laptop or other mobile device.
Simply connect to the 3.5mm auxiliary input, and hear all the sound you've been missing.
